[Appendix 8: OAK Multi Academy Trust – Digital Technology Acceptable and Responsible  
Use Policy](#) .....27

## **Purpose**

Our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors;
- Deliver an effective approach to online safety, which empowers us to protect and educate the whole school community in its use of technology, including mobile and smart technology (which we refer to as 'mobile phones');
- Establish clear mechanisms to identify, intervene and escalate an incident, where appropriate

## **The 4 key categories of risk**

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g., consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

## **Legislation and guidance**

This policy is based on the Department for Education's (DfE's) statutory safeguarding guidance, [Keeping Children Safe in Education](#), and its advice for schools on:

- [Teaching online safety in schools](#)
- [Preventing and tackling bullying](#) and [cyber-bullying: advice for headteachers and school staff](#)
- [Relationships and sex education](#)
- [Searching, screening and confiscation](#)

It also refers to the DfE's guidance on [protecting children from radicalisation](#).

It reflects existing legislation, including but not limited to the [Education Act 1996](#) (as amended), the [Education and Inspections Act 2006](#) and the [Equality Act 2010](#). In addition, it reflects the [Education Act 2011](#), which has given teachers stronger powers to tackle cyber-bullying by, if necessary, searching for and deleting inappropriate images or files on pupils' electronic devices where they believe there is a 'good reason' to do so.

This policy complies with our funding agreement and articles of association.

Data will be processed to be in line with the requirements and protections set out in the UK General Data Protection Regulation 2018.

## **Roles and responsibilities**

### **1.1 The Board of Trustees and Local Governing Bodies**

The Board of Trustees has overall responsibility for monitoring this policy and holding the Executive Team to account for its implementation.

The Director of Education will co-ordinate regular meetings with appropriate staff to discuss online safety, and monitor online safety logs as provided by the designated safeguarding lead (DSL).

#### **Local Governing Bodies**

All governors will:

- Ensure that they have read and understand this policy;
- Agree and adhere to the terms on acceptable use of the trust's ICT systems and the internet (appendix 3);
- Ensure that online safety is a running and interrelated theme while devising and implementing their whole school approach to safeguarding and related policies and/or procedures;
- Ensure that, where necessary, teaching about safeguarding, including online safety, is adapted for vulnerable children, victims of abuse and some pupils with special educational needs and/or disabilities (SEND). This is because of the importance of recognising that a 'one size fits all' approach may not be appropriate for all children in all situations, and a more personalised or contextualised approach may often be more suitable;

### **1.2 The Headteacher**

The headteacher of each school is responsible for ensuring that staff understand this policy, and that it is being implemented consistently throughout the school.

### **1.3 The Designated Safeguarding Lead**

Details of the school's designated safeguarding lead (DSL) are set out in each individual school's child protection and safeguarding policy as well as relevant job descriptions.

The DSL takes lead responsibility for online safety in school, in particular:

- Supporting the headteacher in ensuring that staff understand this policy and that it is being implemented consistently throughout the school;

- Working with the headteacher, ICT manager and other staff, as necessary, to address any online safety issues or incidents;
- Managing all online safety issues and incidents in line with the school child protection policy;
- Ensuring that any online safety incidents are logged (see appendix 7) and dealt with appropriately in line with this policy;
- Ensuring that any incidents of cyber-bullying are logged and dealt with appropriately in line with the school behaviour policy;
- Updating and delivering staff training on online safety (appendix 4 contains a self-audit for staff on online safety training needs);
- Liaising with other agencies and/or external services if necessary;
- Providing regular reports on online safety in school to the headteacher and/or governing board;

This list is not intended to be exhaustive.

#### **1.4 The Managed Service Provider (MSP)**

The MSP is responsible for:

- Putting in place an appropriate level of security protection procedures, such as filtering and monitoring systems, which are reviewed and updated on a regular basis to assess effectiveness and ensure pupils are kept safe from potentially harmful and inappropriate content and contact online while at school, including terrorist and extremist material;
- Ensuring that the trust's ICT systems are secure and protected against viruses and malware, and that such safety mechanisms are updated regularly;
- Conducting full security checks and monitoring the trust's ICT systems
- Blocking access to potentially dangerous sites and, where possible, preventing the downloading of potentially dangerous files;
- Ensuring that any online safety incidents are logged (see appendix 7) and dealt with appropriately in line with this policy;

This list is not intended to be exhaustive.

#### **1.5 All staff and volunteers**

All staff, including contractors and agency staff, and volunteers are responsible for:

- Maintaining an understanding of this policy;
- Implementing this policy consistently;
- Agreeing and adhering to the terms on acceptable use of the trust's ICT systems and the internet (appendix 3), and ensuring that pupils follow the trust's terms on acceptable use (appendices 1 and 2);
- Working with the DSL to ensure that any online safety incidents are logged (see appendix 7) and dealt with appropriately in line with this policy;

- Ensuring that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour policy and the trust anti-bullying policy;
- Responding appropriately to all reports and concerns about sexual violence and/or harassment, both online and offline and maintaining an attitude of 'it could happen here';

This list is not intended to be exhaustive.

## **1.6 Parents**

Parents are expected to:

- Notify a member of staff or the headteacher of any concerns or queries regarding this policy;
- Ensure their child has read, understood and agreed to the terms on acceptable use of the trust's ICT systems and internet (appendices 1 and 2)

Parents can seek further guidance on keeping children safe online from the following organisations and websites:

- What are the issues? – [UK Safer Internet Centre](#)
- Hot topics – [Childnet International](#)
- Parent resource sheet – [Childnet International](#)

## **1.7 Visitors and members of the community**

Visitors and members of the community who use the trust's ICT systems or internet will be made aware of this policy, when relevant, and expected to read and follow it. If appropriate, they will be expected to agree to the terms on acceptable use (appendix 3).

### **Educating pupils about online safety**

Pupils will be taught about online safety as part of the curriculum:

The text below is taken from the [National Curriculum computing programmes of study](#). Academies that don't follow the National Curriculum should adapt this section to include details of how online safety forms part of their own curriculum.

It is also taken from the [guidance on relationships education, relationships and sex education \(RSE\) and health education](#).

**All** schools have to teach:

- [Relationships education and health education](#) in primary schools
- [Relationships and sex education and health education](#) in secondary schools

In **Key Stage 1**, pupils will be taught to:

- Use technology safely and respectfully, keeping personal information private;

- Identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies;

Pupils in **Key Stage 2** will be taught to:

- Use technology safely, respectfully and responsibly;
- Recognise acceptable and unacceptable behaviour;
- Identify a range of ways to report concerns about content and contact;

By the **end of primary school**, pupils will know:

- That people sometimes behave differently online, including by pretending to be someone they are not;
- That the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous;
- The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them;
- How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met;
- How information and data is shared and used online;
- What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context);
- How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know;

In **Key Stage 3**, pupils will be taught to:

- Understand a range of ways to use technology safely, respectfully, responsibly and securely, including protecting their online identity and privacy;
- Recognise inappropriate content, contact and conduct, and know how to report concerns;

Pupils in **Key Stage 4** will be taught:

- To understand how changes in technology affect safety, including new ways to protect their online privacy and identity;
- How to report a range of concerns;

By the **end of secondary school**, pupils will know:

- Their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online;
- About online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online;

- Not to provide material to others that they would not want shared further and not to share personal material which is sent to them;
- What to do and where to get support to report material or manage issues online
- The impact of viewing harmful content;
- That specifically sexually explicit material (e.g. pornography) presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners;
- That sharing and viewing indecent images of children (including those created by children) is a criminal offence which carries severe penalties including jail;
- How information and data is generated, collected, shared and used online;
- How to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours;
- How people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn (in all contexts, including online);

### **All schools**

The safe use of social media and the internet will also be covered in other subjects where relevant.

Where necessary, teaching about safeguarding, including online safety, will be adapted for vulnerable children, victims of abuse and some pupils with SEND.

## **5. Educating parents about online safety**

Each school will raise parents' awareness of internet safety in letters or other communications home, and in information via their website and social media. This policy will also be shared with parents.

The school will let parents know:

- What systems the school uses to filter and monitor online use;
- What their children are being asked to do online, including the sites they will be asked to access and who from the school (if anyone) their child will be interacting with online;

If parents have any queries or concerns in relation to online safety, these should be raised in the first instance with the headteacher and/or the DSL.

Concerns or queries about this policy can be raised with any member of staff, the headteacher or the trust Director of School and People Development.

## **6. Cyber-bullying**

### **6.1 Definition**

Cyber-bullying takes place online, such as through social networking sites, messaging apps or gaming sites. Like other forms of bullying, it is the repetitive, intentional harming of 1 person or group by another person or group, where the relationship involves an imbalance of power. (See also the anti-bullying policy.)

## **6.2 Preventing and addressing cyber-bullying**

To help prevent cyber-bullying, we will ensure that pupils understand what it is and what to do if they become aware of it happening to them or others. We will ensure that pupils know how they can report any incidents and are encouraged to do so, including where they are a witness rather than the victim.

The schools will actively discuss cyber-bullying with pupils, explaining the reasons why it occurs, the forms it may take and what the consequences can be. Class teachers will discuss cyber-bullying with their students.

Teaching staff are also encouraged to find opportunities to use aspects of the curriculum to cover cyber-bullying. This includes personal, social, health and economic (PSHE) education, and other subjects where appropriate.

All staff, governors and volunteers (where appropriate) receive training on cyber-bullying, its impact and ways to support pupils, as part of safeguarding training (see section 11 for more detail).

The school also sends information/leaflets on cyber-bullying to parents so that they are aware of the signs, how to report it and how they can support children who may be affected.

In relation to a specific incident of cyber-bullying, the school will follow the processes set out in the school behaviour policy. Where illegal, inappropriate or harmful material has been spread among pupils, the school will use all reasonable endeavours to ensure the incident is contained.

The DSL will report the incident and provide the relevant material to the police as soon as is reasonably practicable, if they have reasonable grounds to suspect that possessing that material is illegal. They will also work with external services if it is deemed necessary to do so.

## **6.3 Examining electronic devices**

The headteacher, and any member of staff authorised to do so by the headteacher can carry out a search and confiscate any electronic device that they have reasonable grounds for suspecting:

- Poses a risk to staff or pupils, and/or;

- Is identified in the school rules as a banned item for which a search can be carried out, and/or;
- Is evidence in relation to an offence;

Before a search, if the authorised staff member is satisfied that they have reasonable grounds for suspecting any of the above, they will also:

- Make an assessment of how urgent the search is, and consider the risk to other pupils and staff. If the search is not urgent, they will seek advice from the headteacher or DSL;
- Explain to the pupil why they are being searched, how the search will happen, and give them the opportunity to ask questions about it;
- Seek the pupil's cooperation;

Authorised staff members may examine, and in exceptional circumstances erase, any data or files on an electronic device that they have confiscated where they believe there is a 'good reason' to do so.

When deciding whether there is a 'good reason' to examine data or files on an electronic device, the staff member should reasonably suspect that the device has, or could be used to:

- Cause harm, and/or;
- Undermine the safe environment of the school or disrupt teaching, and/or;
- Commit an offence;

If inappropriate material is found on the device, it is up to the headteacher to decide on a suitable response. If there are images, data or files on the device that staff reasonably suspect are likely to put a person at risk, they will first consider the appropriate safeguarding response.

When deciding if there is a good reason to erase data or files from a device, staff members will consider if the material may constitute evidence relating to a suspected offence. In these instances, they will not delete the material, and the device will be handed to the police as soon as reasonably practicable. If the material is not suspected to be evidence in relation to an offence, staff members may delete it if:

- They reasonably suspect that its continued existence is likely to cause harm to any person, and/or;
- The pupil and/or the parent refuses to delete the material themselves;

If a staff member **suspects** a device **may** contain an indecent image of a child (also known as a nude or semi-nude image), they will:

- **Not** view the image;

- Confiscate the device and report the incident to the DSL (or equivalent) immediately, who will decide what to do next. The DSL will make the decision in line with the DfE's latest guidance on [screening, searching and confiscation](#) and the UK Council for Internet Safety (UKCIS) guidance on [sharing nudes and semi-nudes: advice for education settings working with children and young people](#);

Any searching of pupils will be carried out in line with:

- The DfE's latest guidance on [searching, screening and confiscation](#);
- UKCIS guidance on [sharing nudes and semi-nudes: advice for education settings working with children and young people](#);
- Our trust anti-bullying policy and the school's behaviour policy;

Any complaints about searching for or deleting inappropriate images or files on pupils' electronic devices will be dealt with through the school complaints procedure.

## **7. Acceptable use of the internet in school**

All pupils, parents, staff, volunteers, trustees and governors are expected to sign an agreement regarding the acceptable use of the trust's ICT systems and the internet (appendices 1 to 3). Visitors will be expected to read and agree to the trust's terms on acceptable use if relevant.

Use of the school's internet must be for educational purposes only, or for the purpose of fulfilling the duties of an individual's role.

We will monitor the websites visited by pupils, staff, volunteers, governors and visitors (where relevant) to ensure they comply with the above.

More information is set out in the acceptable use agreements in appendices 1 to 3.

## **8. Pupils using mobile devices in school**

In the interests of safety during the journey to school, pupils may bring mobile devices onto site, but are not permitted to use them during the school day without express permission.

This also extends to clubs before or after school, or any other activities organised by the school.

Any use of mobile devices in school by pupils must be in line with the acceptable use agreement (see appendices 1 and 2).

Any breach of the acceptable use agreement by a pupil may trigger disciplinary action in line with the school behaviour policy, which may result in the confiscation of their device.

## **9. Staff using work devices outside school**

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol);
- Making sure the device locks if left inactive for a period of time;
- Not sharing the device among family or friends;
- Keeping operating systems up to date by always installing the latest updates;

Staff members must not use the device in any way which would violate the school's terms of acceptable use, as set out in appendix 3.

Work devices must be used solely for work activities.

If staff have any concerns over the security of their device, they must seek advice from the MSP.

## **10. Bring Your Own Device Considerations – Staff**

The Trust recognises that many staff choose to access school information from their own devices.

Any member of staff wishing to do this must be aware that they have a direct personal responsibility for ensuring that the device they choose to use has the benefit of encryption, that is above and beyond a simple password protection.

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol);
- Where appropriate, ensuring their hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device;
- Where necessary, installing anti-virus and anti-spyware software;
- Keeping operating systems up to date by always installing the latest updates

Staff must ensure that personal devices such as mobile smart phones, tablets and other portable electronic equipment are set to lock and only open with encrypted passcodes to prevent unauthorised access.

School will support and enable staff to ensure that their devices are compliant.

**If any member of staff uses a device without these safeguards in place it will be a disciplinary breach if data is unlawfully accessed by a third party.**

### **11. How the trust will respond to issues of misuse**

Where a pupil misuses the trust's ICT systems or internet, the action taken will depend on the individual circumstances, nature and seriousness of the specific incident, and will be proportionate.

Where a staff member misuses the trust's ICT systems or the internet, or misuses a personal device where the action constitutes misconduct, the matter will be dealt with in accordance with the staff disciplinary procedures. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident.

The trust will consider whether incidents which involve illegal activity or content, or otherwise serious incidents, should be reported to the police.

### **12. Training**

All new staff members will receive training, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation.

To ensure that the Trust complies with RPA insurance requirements, all employees or governors will undertake [NCSC Cyber Security Training](#) and share their completion certificate with the school. The Trust notes that this completion evidence will be required in the event of any claim relating to cyber security.

All staff members will receive refresher training at least once each academic year as part of safeguarding training, as well as relevant updates as required (for example through emails, e-bulletins and staff meetings).

By way of this training, all staff will be made aware that:

- Technology is a significant component in many safeguarding and wellbeing issues, and that children are at risk of online abuse;
- Children can abuse their peers online through:
  - Abusive, harassing, and misogynistic messages
  - Non-consensual sharing of indecent nude and semi-nude images and/or videos, especially around chat groups
  - Sharing of abusive images and pornography, to those who don't want to receive such content
- Physical abuse, sexual violence and initiation/hazing type violence can all contain an online element;

Training will also help staff:

- Develop better awareness to assist in spotting the signs and symptoms of online abuse;
- Develop the ability to ensure pupils can recognise dangers and risks in online activity and can weigh up the risks;
- Develop the ability to influence pupils to make the healthiest long-term choices and keep them safe from harm in the short term;

The DSL in each school will undertake child protection and safeguarding training, which will include online safety, at least every 2 years. They will also update their knowledge and skills on the subject of online safety at regular intervals, and at least annually.

Governors and trustees will receive training on safe internet use and online safeguarding issues as part of their safeguarding training.

Volunteers will receive appropriate training and updates, if applicable.

More information about safeguarding training is set out in the school child protection and safeguarding policies.

### **13. Monitoring arrangements**

Monitoring the safe use of new technologies includes both the personal use of the Internet and electronic mail and the monitoring of patterns and trends of use.

The Trust will utilise a 3<sup>rd</sup> party support service (such as Smoothwall monitor or Lightspeed Filter and Alert) to enhance its monitoring provision for all Trust supplied devices. This service will provide real-time monitoring for schools in addition to the filtering support from the MSP. Headteachers will receive regular updates on filtering within their school as well as direct contact from the 3<sup>rd</sup> party where an immediate risk is identified.

With regard to monitoring trends, within the Trust and individual use by staff and pupils, the Trust will audit the use of the Internet and electronic mail to ensure compliance with this policy. The monitoring practices of the Trust are influenced by a range of national and Local Authority guidance documents and will include the monitoring of content and resources.

We will also monitor the use of mobile technologies by pupils, particularly where these technologies may be used to cause harm to others, e.g., bullying (see anti-bullying policy for further information). We will also ensure that staff understand the need to monitor our pupils, and where necessary, support individual pupils where they have been deliberately or inadvertently subjected to harm.

The DSL logs behaviour and safeguarding issues related to online safety. An incident report log can be found in appendix 7.

The DSL will meet at least annually with the Governor responsible for safeguarding, the lead for cyber security in school and a member of the MSP support team to check the

monitoring provision and procedures are working as expected. They will also record decisions regarding any black or whitelisted websites or applications.

The Trust has registered with [Police Cyber Alarm](#). This connects Members with their local police cyber protect team and in the majority of cases, a cyber-alarm software tool can be installed for free to monitor cyber activity. Where installed the tool will record traffic on the network without risk to personal data.

This policy will be reviewed every year by the Board of Trustees. The review will be supported by a regular risk assessment that considers and reflects the risks pupils face online. This is important because technology, and the risks and harms related to it, evolve and change rapidly.

#### **14. Links with other policies**

This online safety policy is linked to trust/school:

- Child protection and safeguarding policy (individual schools)
- Behaviour policy (individual schools)
- Disciplinary policy
- Data protection policy and privacy notices
- Anti-bullying policy

#### **15. Frontiers – iPad**

A number of schools in the Trust have embarked on a 1:1 iPad programme and the Acceptable Use Policy for these schools is required to be slightly different as a result. iPad specific policies will run concurrently with those in Appendices 1-7. Please see Appendix 8 for iPad specific policies.

**Appendix 1: EYFS and KS1 acceptable use and loan agreement (pupils and parents/carers)**

Acceptable use of the school's ICT systems and internet: agreement for pupils and parents/carers

**Name of pupil:**

**When I use the school's ICT systems (like computers) and get onto the internet in school I will:**

Ask a teacher or adult if I can do so before using them

Only use websites that a teacher or adult has told me or allowed me to use

Tell my teacher immediately if:

- I click on a website by mistake
- I receive messages from people I don't know
- I find anything that may upset or harm me or my friends

Use school computers for school work only

Be kind to others and not upset or be rude to them

Look after the school ICT equipment and tell a teacher straight away if something is broken or not working properly

Only use the username and password I have been given

Try my hardest to remember my username and password

Never share my password with anyone, including my friends

Never give my personal information (my name, address or telephone numbers) to anyone without the permission of my teacher or parent/carer

Save my work on the school network

Check with my teacher before I print anything

Log off or shut down a computer when I have finished using it

**I agree that the school will monitor the websites I visit and that there will be consequences if I don't follow the rules.**

**Signed (pupil):**

**Date:**

**Parent/carer agreement:** I agree that my child can use the school's ICT systems and internet when appropriately supervised by a member of school staff. I agree to the conditions set out above for pupils using the school's ICT systems and internet, and will make sure my child understands these.

**Signed (parent/carer):**

**Date:**

## **Appendix 2: KS2, KS3 and KS4 acceptable use agreement (pupils and parents/carers)**

Acceptable use of the school's ICT systems and internet: agreement for pupils and parents/carers

**Name of pupil:**

**I will read and follow the rules in the acceptable use agreement policy.**

**When I use the school's ICT systems (like computers) and get onto the internet in school I will:**

Always use the school's ICT systems and the internet responsibly and for educational purposes only

Only use them when a teacher is present, or with a teacher's permission

Keep my usernames and passwords safe and not share these with others

Keep my private information safe at all times and not give my name, address or telephone number to anyone without the permission of my teacher or parent/carer

Tell a teacher (or sensible adult) immediately if I find any material which might upset, distress or harm me or others

Always log off or shut down a computer when I've finished working on it

**I will not:**

Access any inappropriate websites including: social networking sites, chat rooms and gaming sites unless my teacher has expressly allowed this as part of a learning activity  
Open any attachments in emails, or follow any links in emails, without first checking with a teacher

Use any inappropriate language when communicating online, including in emails

Create, link to or post any material that is pornographic, offensive, obscene or otherwise inappropriate

Log in to the school's network using someone else's details

Arrange to meet anyone offline without first consulting my parent/carer, or without adult supervision

**If I bring a personal mobile phone or other personal electronic device into school:**

I will not use it in school time, at clubs or other activities organised by the school, without a teacher's permission

I will use it responsibly, and will not access any inappropriate websites or other inappropriate material or use inappropriate language when communicating online

**I agree that the school will monitor the websites I visit and that there will be consequences if I don't follow the rules.**

**Signed (pupil):**

**Date:**

**Parent/carer's agreement:** I agree that my child can use the school's ICT systems and internet when appropriately supervised by a member of school staff. I agree to the conditions set out above for pupils using the school's ICT systems and internet, and for using personal electronic devices in school, and will make sure my child understands these.

Acceptable use of the school's ICT systems and internet: agreement for pupils and parents/carers

**Signed (parent/carer):**

**Date:**

**Appendix 3: acceptable use agreement (staff, governors, volunteers and visitors)**

Acceptable use of the school's ICT systems and internet: agreement for staff, governors, volunteers and visitors

**Name of staff member/governor/volunteer/visitor:**

**When using the school's ICT systems and accessing the internet in school, or outside school on a work device (if applicable), I will not:**

Access, or attempt to access inappropriate material, including but not limited to material of a violent, criminal or pornographic nature (or create, share, link to or send such material)

Use them in any way which could harm the school's reputation

Access social networking sites or chat rooms

Use any improper language when communicating online, including in emails or other messaging services

Install any unauthorised software, or connect unauthorised hardware or devices to the school's network

Share my password with others or log in to the school's network using someone else's details

Take photographs of pupils without checking with teachers first

Share confidential information about the school, its pupils or staff, or other members of the community

Access, modify or share data I'm not authorised to access, modify or share

Promote private businesses, unless that business is directly related to the school

I will only use the school's ICT systems and access the internet in school, or outside school on a work device, for educational purposes or for the purpose of fulfilling the duties of my role.

I agree that the school will monitor the websites I visit and my use of the school's ICT facilities and systems.

I will take all reasonable steps to ensure that work devices are secure and password-protected when using them outside school, and keep all data securely stored in accordance with this policy and the school's data protection policy.

I will let the designated safeguarding lead (DSL) and ICT manager know if a pupil informs me they have found any material which might upset, distress or harm them or others, and will also do so if I encounter any such material.

I will always use the school's ICT systems and internet responsibly, and ensure that pupils in my care do so too.

**Signed (staff member/governor/volunteer/visitor):**

**Date:**

## **Appendix 4: Device Loan Agreement (Pupils)**

We are loaning you this device (“the equipment”) for the benefit of your child in supporting and developing their education. This agreement sets the conditions for taking the equipment.

1. The loan agreement exists between the school and the Named Person who has signed this loan agreement.

Pupil Name:

Parent/Carer’s Name & Address:

Device name or number:

The agreement governs the use and care of devices assigned to the parent’s child (the “pupil”). This agreement covers the period from the date the device is issued through to the return date of the device to the school. All issued equipment shall remain the sole property of the school.

I confirm that I have read the terms and conditions set out in the agreement and my signature at the end of this agreement confirms that I and the pupil will adhere to the terms of loan.

### **2. Damage/loss**

By signing this agreement I agree to take full responsibility for the loan equipment issued to the pupil and I have read or heard this agreement read aloud and understand the conditions of the agreement. I understand that I and the pupil are responsible for the equipment at all times whether on the school’s property or not.

If the equipment is damaged, lost or stolen, I will immediately inform the Managed Service Provider via the school, and I acknowledge that I am responsible for the reasonable costs requested by the school to repair or replace the equipment. If the equipment is stolen, I will also immediately inform the police.

I agree to keep the equipment in good condition and to return it to the school in the same condition.

I will not leave the equipment unsupervised in unsecured areas.

I will make sure my child takes the following measures to protect the device:

- Keep the device in a secure place when not in use
- Don’t leave the device in a car or on show at home
- Don’t eat or drink around the device
- Don’t lend the device to siblings or friends
- Don’t leave the equipment unsupervised in unsecured areas

### **3. Unacceptable use**

I am aware that the school monitors the pupil’s activity on this device.

I agree that my child will not carry out any activity that constitutes 'unacceptable use'.

This includes, but is not limited to the following:

- Using ICT or the internet to bully or harass someone else, or to promote unlawful discrimination
- Any illegal conduct, or statements which are deemed to be advocating illegal activity
- Activity which defames or disparages the school, or risks bringing the school into disrepute
- Causing intentional damage to ICT facilities or materials
- Using inappropriate or offensive language

I accept that the school will sanction the pupil, in line with our behaviour policy if the pupil engages in any of the above **at any time**.

#### **4. Personal use**

I agree that the pupil will only use this device for educational purposes and not for personal use and will not loan the equipment to any other person.

#### **5. Data protection**

I agree to take the following measures to keep the data on the device protected.

- Keep the equipment password-protected - strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol)
- Make sure my child locks the equipment if it's left inactive for a period of time
- Do not share the equipment among family or friends
- Update antivirus and anti-spyware software as required
- Install the latest updates to operating systems, as prompted

If I need help doing any of the above, I will contact the managed service provider on the email [helpdesk@aitn.co.uk](mailto:helpdesk@aitn.co.uk)

#### **6. Return date**

I will return the device in its original condition to the school office within ten days of being requested to do so.

I will ensure the return of the equipment to the school if the pupil no longer attends the school.

#### **7. Consent**

By signing this form, I confirm that I have read and agree to the terms and conditions set out above.

## **Appendix 5: Device loan agreement for staff**

1. The loan agreement exists between the school and the Named Person who has signed this loan agreement.

Name:

Address:

Device name or number:

And governs the use and care of devices assigned to individual staff members. This agreement covers the period from the date the device is issued through to the return date of the device to the school.

All issued equipment shall remain the sole property of the school and is governed by the school's policies.

1. The school is lending the employee a device ("the equipment") for the purpose of working from home.

2. This agreement sets the conditions for the employee taking the equipment home.

I confirm that I have read the terms and conditions set out in the agreement and my signature at the end of this agreement confirms that I have read and agree to these terms.

### **2. Damage/loss**

By signing this agreement I agree to take full responsibility for the equipment issued to me and I have read or heard this agreement read aloud and understand the conditions of the agreement.

I understand that I am responsible for the equipment at all times whether on the school's property or not.

If the equipment is [damaged, lost or stolen], I will immediately inform the Managed Service Provider (AIT), and I acknowledge that I am responsible for full replacement costs. If the equipment is stolen, I will also immediately inform the police.

I agree to keep the equipment in good condition and to return it to the school on demand from the school in the same condition.

I will not leave the equipment unsupervised in unsecured areas.

### **3. Unacceptable use**

I am aware that the school monitors my activity on the equipment.

I will not carry out any activity that constitutes 'unacceptable use'.

This includes, but is not limited to:

- Accessing, creating, storing or linking to or sending material that is pornographic, offensive, obscene or otherwise inappropriate
- Sharing confidential information about the school, its pupils, or other members of the school community

- Setting up any software, applications or web services on this device without approval by authorised personnel, or creating or using any programme, tool or item of software designed to interfere with the functioning of the ICT facilities, accounts or data
- Carrying out any activity which defames or disparages the school, or risks bringing the school into disrepute
- Using inappropriate or offensive language

I accept that if I engage in any activity that constitutes 'unacceptable use', I may face disciplinary action in line with the trust's policies on staff discipline.

#### 4. Personal use

I will not use this device for any personal use and will not loan the equipment to any other person.

#### 5. Data protection

I agree to take the following measures to keep the data on the device protected:

- Keep the equipment password-protected - strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol);
- Make sure the equipment locks if left inactive for a period of time;
- Do not share the equipment among family or friends;
- Update antivirus and anti-spyware software as required;
- Install the latest updates to operating systems, as prompted;

If I need help doing any of the above, I will contact AIT on [helpdesk@aitn.co.uk](mailto:helpdesk@aitn.co.uk).

#### 6. Return date

I will return the device in its original condition to the school office within ten days of being requested to do so.

I will return the equipment to the school upon resignation, dismissal or if I leave the employment of the school for any other reason.

#### 7. Consent

By signing this form, I confirm that I have read and agree to the rules and conditions above.

**Appendix 6: online safety training needs – self-audit for staff**

Adapt this form to suit your needs.

online safety training needs audit	
Name of staff member/volunteer:	Date:
Question	Yes/No (add comments if necessary)
Do you know the name of the person who has lead responsibility for online safety in school?	
Are you aware of the ways pupils can abuse their peers online?	
Do you know what you must do if a pupil approaches you with a concern or issue?	
Are you familiar with the school’s acceptable use agreement for staff, volunteers, governors and visitors?	
Are you familiar with the school’s acceptable use agreement for pupils and parents?	
Do you regularly change your password for accessing the school’s ICT systems?	
Are you familiar with the school’s approach to tackling cyber-bullying?	
Are there any areas of online safety in which you would like training/further training?	

**Appendix 7: online safety incident report log**

online safety incident log				
Date	Where the incident took place	Description of the incident	Action taken	Name and signature of staff member recording the incident

## **Appendix 8: OAK Multi Academy Trust – Digital Technology Acceptable and Responsible Use Policy**

---

The policies, procedures and information within this document applies to all digital devices used in school. Teachers and other school staff may also set additional requirements for use within their classroom.

This Acceptable and Responsible Use Policy is intended to ensure:

- That young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal, and recreational use.
- That school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

User responsibilities:

- Always use the school's IT systems and the internet responsibly and for educational use only.
- Always have a passcode/password set on the iPad/network machine and do not share this with others.
- Do not share private information such as name, address, etc without the permission of a teacher.
- Always tell a teacher/trusted adult immediately if you find any material that is upsetting, distressing or that may harm others.
- Always log off (or lock iPad) or shut down a computer when finished working on it.
- iPad – Users must use protective covers/cases for their iPad
- iPad – The iPad screen is made of glass and therefore is subject to cracking and breaking if misused: Never drop nor place heavy objects (books, laptops, etc.) on top of them.
- iPad – Only a soft cloth or approved laptop screen cleaning solution is to be used to clean the iPad screen.
- iPad – Do not subject the iPad to extreme heat or cold.
- iPad – Do not store or leave unattended in vehicles.
- iPad – Users may not photograph, video or record any other person, without that person's explicit consent.
- iPad – The iPad is subject to routine monitoring by the school. Devices must be surrendered immediately upon request by any member of staff.
- iPad – When using WiFi outside of school or home, make sure you are connecting to a secure network and your passcode and passwords are kept private.
- iPad – The school is not responsible for financial or other losses from any personal files that may be deleted from an iPad or school-provided online storage. Reasonable precautions have been taken to prevent the loss of academic content/work by asking students to upload their work to Showbie (the online digital workbook) that utilises cloud storage to keep it safe and secure.
- iPad – Only charge the iPad using the plug and cable provided, ask if you need help.

- Users in breach of the Acceptable and Responsible Use Policy may be subject to but not limited to; disciplinary action, confiscation, removal of content or referral to external agencies in the event of illegal activity.

#### Safeguarding and maintenance

- iPad – iPad batteries are required to be charged and be ready to use in school for a full day.
- iPad – Syncing the iPad to iCloud or similar will be maintained by a school administrator.
- iPad – Items deleted from the iPad cannot be recovered.
- iPad – Memory space is limited. Devices should only be used to store academic content.
- iPad – The whereabouts of the iPad should be known at all times.
- iPad – It is a user’s responsibility to keep their iPad safe and secure.
- iPad – iPads belonging to other users are not to be tampered with in any manner.
- iPad – If an iPad is found unattended, it should be given to the nearest member of staff.

#### Lost, Damaged, or Stolen iPads

- If the iPad is lost, stolen, or damaged, the IT Technicians and appropriate member of staff must be notified immediately.
- Where the iPad/laptop is believed to have been stolen, the incident should be reported to the police and a crime reference number should be obtained within 24 hours.
- If the iPad/laptop is believed to have been lost or stolen, reasonable steps should be taken to find it including, but not limited to, tracking of the device through the relevant features. Follow the steps referenced in the ‘Home/School Agreement’.

#### Prohibited Uses (Not an exhaustive list):

- Accessing Inappropriate Materials – All material on the iPad/network computer must adhere to the Acceptable and Responsible Use Policy. Users are not allowed to send, access, upload, download or distribute offensive, threatening, pornographic, obscene, or sexually explicit content/materials.
- Gaming – use of devices to access gaming sites unless expressly allowed as part of a learning activity is prohibited.
- Links – Users must not open attachments in emails or follow email links without first checking the safety with a teacher/trusted adult
- Illegal Activities – Users must not use the school’s internet/e-mail accounts for financial or commercial gain or for any illegal activity.
- Violating Copyrights – Users are not allowed to have music or install apps on their iPad.
- Cameras – Users must use good judgement when using the camera. The user agrees that the camera will not be used to take inappropriate, illicit, or sexually explicit photographs or videos, nor will it be used to embarrass anyone in any way. Any use of cameras in toilets or changing rooms, regardless of intent, will be treated as a serious violation.

- Sharing – Posting of images/movies on the Internet or into any public forum is strictly forbidden, without the express permission of the Teacher or, in the case of staff use; a member of the Senior Leadership team.
- Safeguarding – users must not arrange to meet anyone offline without first consulting a parent/carer or without adult supervision

Further use controls:

- Images of other people may only be made with the explicit permission of those in the photograph.
- Use of the camera and microphone is strictly prohibited unless permission is granted by a teacher.
- Misuse of Passwords, Codes or other Unauthorised Access: Users are required to set a passcode/password on their iPad/computer to prevent other users from misusing it.
- Any user caught trying to gain access to another user's accounts, files or data will be subject to disciplinary action.
- Malicious Use/Vandalism – Any attempt to destroy hardware, software or data will be subject to disciplinary action.
- iPad Jailbreaking – Jailbreaking is a process which removes any limitations placed on the iPad by Apple. Jailbreaking results in a less secure device and is strictly prohibited.
- iPad – Inappropriate media may not be used as a screensaver or background photo.
- Presence of pornographic materials, inappropriate language, alcohol, drug or gang related symbols or pictures will result in disciplinary actions.
- iPad – Individual users are responsible for the setting up and use of any home internet connections and no support will be provided for this by the school.
- Users should be aware of and abide by the guidelines set out by the school Online Safety policy.

iPad – The school reserves the right to confiscate and search an iPad to ensure compliance with this Acceptable Use Policy.

Personal devices –

- Students must not use personal devices (e.g., mobile phones) during school time, at clubs or other activities organised by the school, without a teacher's permission.

Parents/carers – must understand that their child is responsible for their actions, both in and out of school:

- The school also has the right to act if their child is involved in incidents of inappropriate behaviour, that are covered in this agreement, and other policies, when they are out of school and where it involves their membership of the school community (examples would be cyberbullying, use of images or personal information).
- If their child fails to comply with this Acceptable and Responsible Use Policy, they lose access to the school network/internet, contact with parents may be made, and, in necessary cases, the involvement of the police may be required.

Additional notes for staff, governors, volunteers or visitors (all items above apply unless expressly for pupils):

When using the school's IT systems and accessing the internet on a school device, users will not:

- Access, or attempt to access inappropriate material, including but not limited to material of a violent, criminal or pornographic nature (or create, share, link to or send such material);
- Use them in any way which could harm the school's reputation;
- Access social networking sites or chat rooms;
- Use any improper language when communicating online, including in emails or other messaging services;
- Install any unauthorised software, or connect unauthorised hardware or devices to the school's network;
- Share their password with others or log in to the school's network using someone else's details;
- Take photographs of pupils without permission or in the case of additional adults, checking with teacher first;
- Share confidential information about the school, its pupils or staff, or other members of the community;
- Access, modify or share data they're not authorised to access, modify or share; and
- Promote private businesses, unless that business is directly related to the school.

Users understand and agree that:

- They must only use the school's ICT systems and access the internet in school, or outside school on a work device, for educational purposes or for the purpose of fulfilling the duties of my role.
- The school will monitor the websites they visit and the use of the school's ICT facilities and systems.
- They will take all reasonable steps to ensure that work devices are secure and password-protected when using them outside school, and keep all data securely stored in accordance with this policy and the school's data protection policy.
- They will let the Designated Safeguarding Lead (DSL) and ICT manager know if a pupil informs them that they have found any material which might upset, distress or harm them or others, and will also do so if they encounter any such material.
- They will always use the school's ICT systems and internet responsibly, and ensure that pupils in their care do so too.

## Frontiers – Terms and Conditions relating to 1:1 iPad in Primary

---

This is a significant financial investment from OAK Multi Academy Trust, and the device shall be issued free of charge for the children to use at school.

Our school will, on behalf of OAK MAT, loan an iPad to students on agreement of the Home/School iPad contract. This document invites parents/carers and children to commit to the principles outlined in this Home/School iPad contract, covering areas including what OAK/school will do, what we are asking parents/carers to do, and what children will be required to do.

After reading this document, we invite parents/carers to sign the agreement. This will help to ensure that we are all working together to make the 'Frontiers' programme a success for all involved. Our school and OAK MAT retain all ownership rights of the iPad; the school may inspect the iPad and all stored information at any time with or without notice, and the child should not have an expectation of privacy as to anything stored on, sent by, or received through it.

The school reserves the right to withdraw an iPad temporarily or permanently if it is not being looked after and/ or being used inappropriately.

The signatories accept responsibility for the care of the device and accessories. Should the device require replacement or repair as a result of misuse, the signatory will be liable for any costs incurred. The school will rectify these using a pre-determined 3rd party to repair the device, but the cost of this repair would be the responsibility of the signatory. The above relates to incidents of misuse or maltreatment. In the case of a manufacturing defect within the warranty period, the school will seek to address this issue with the manufacturer. Wear and tear as a result of normal daily use will be accepted.

Children must not attempt to add / change accounts, bypass security settings or in any way alter or bypass the settings applied to the device, either on the device or via JAMF (mobile device management system).

Taking, distributing, or otherwise facilitating the production or circulation of inappropriate photos/images/video is strictly against school policy and any use of the device to post abusive, threatening, or humiliating content via social networking apps or via the inbuilt camera may result in a criminal investigation and the immediate confiscation of the device.

If the device is lost or stolen, we are required to make a report to the Police and by signing the Home/School Contract iPad (primary), the signatory agrees to co-operate fully with any subsequent investigations. Replacement devices will not be issued without the appropriate loss or theft report reference number from the local Police.

Our school staff reserve the right to routinely spot check and examine any device issued to a pupil in the course of investigating any claim that a pupil had breached the above terms and conditions.

At our school, all authorised users of technology have to sign a User Agreement. This provides guidance on online safety and expected behaviours when using learning technologies.

Further conditions:

- All items of equipment issued including hardware and software remain the property of our school, and these may be reclaimed at any time.
- Use is conditional based on the Home/School Contract and all relevant documentation having been reviewed and agreed to.
- Use is conditional upon the authorised user complying with the school Online Safety Policy and the Acceptable and Responsible Use of Technology Policies.
- The school will not be liable for the loss of data and/or personal information contained on the device issued.
- All software will be installed and licensed by the school.
- Any unlicensed software will be removed.
- Our school staff, and IT staff, can monitor the use of the device at any time. Staff iPads will be deployed with an app called Apple Classroom. This allows teachers to monitor groups of students in their class, enabling them to see what is on the screen of every child's iPad in the group in real time. Apple Classroom allows staff to control children's iPads including locking the screen, only allowing certain apps or forcing all the iPads to a particular app or webpage.
- The school/MAT IT Staff will monitor the use of the iPads in order to protect users from access to harmful and inappropriate material, monitor for inappropriate use and to be able to effectively manage and support the use of the devices.
- Antivirus software will be automatically updated.
- The school will provide maintenance and fault repairs once reported. The user (Staff Member / Parent / Carer / Child) must not attempt any physical repair or maintenance of the device themselves including arranging for repair by a third party. Any repairs undertaken other than those instructed directly by the school will automatically result in the Staff Member / Parent / Carer being liable for the full replacement cost of the device.
- Connection to the internet is filtered and monitored by the school. However, as with all filtering, this may not stop all forms of access to inappropriate content and therefore staff should take the necessary steps to monitor safe access to the internet.
- The school is not liable for any damages or costs arising from use of the internet.
- The device will be charged at school prior to each school day.
- Should the device be reported as lost or stolen, the device will not be able to be used by anybody as the school monitoring and safeguarding process will disable the device.
- The school will investigate any reported theft of a device and requires a Police Crime Number. Where circumstances permit a replacement device, this would be issued.

- Surrender of a school device to the Police to aid in the detection or prevention of a crime will be undertaken by the school on presentation of the correct disclosure paperwork form the Police.
- Use of the device also falls under the Behaviour Policy and Safeguarding Policy.

## Frontiers – Terms and Conditions relating to 1:1 iPad in Secondary

---

This is a significant financial investment from OAK Multi Academy Trust, and the device shall be issued free of charge for the students to use both at school and at home. It is expected that all students loaned an iPad bring it into school every day, fully charged, and ready to be used.

Our school will, on behalf of OAK MAT, loan an iPad to students on agreement of the Home/School iPad contract. This document invites parents/carers and students to commit to the principles outlined in this Home/School iPad contract, covering areas including what OAK/school will do, what we are asking parents/carers to do, and what students will be required to do.

After reading this document, we invite parents/carers and students to sign the agreement. This will help to ensure that we are all working together to make the 'Frontiers' programme a success for all involved. Our school and OAK MAT retain all ownership rights of the iPad; the school may inspect the iPad and all stored information at any time with or without notice, and the student should not have an expectation of privacy as to anything stored on, sent by, or received through it. At the end of any given term, students may be asked to return the iPad to the school, for storage, updating or upgrading. All personal data may be deleted. If a student wishes to keep their work, it must be uploaded to Showbie where it will be saved to their account.

The school reserves the right to withdraw an iPad temporarily or permanently if it is not being looked after and/ or being used inappropriately. The iPad must be returned upon a student withdrawing or graduating from the school.

The signatories accept responsibility for the care and safe return, in original condition, of the device and accessories. Should the device require replacement or repair as a result of misuse, the signatory will be liable for any costs incurred. The school will rectify these using a pre-determined 3rd party to repair the device, but the cost of this repair would be the responsibility of the signatory. The above relates to incidents of misuse or maltreatment. In the case of a manufacturing defect within the warranty period, the school will seek to address this issue with the manufacturer. Wear and tear as a result of normal daily use will be accepted.

Students must not attempt to add / change accounts, bypass security settings or in any way alter or bypass the settings applied to the device, either on the device or via JAMF (mobile device management system).

Taking, distributing, or otherwise facilitating the production or circulation of inappropriate photos/images/video is strictly against school policy and any use of the device to post abusive, threatening, or humiliating content via social networking apps or via the inbuilt camera may result in a criminal investigation and the immediate confiscation of the device.

If the device is lost or stolen, we are required to make a report to the Police and by signing this document, the signatory agrees to co-operate fully with any subsequent investigations. Replacement devices will not be issued without the appropriate loss or theft report reference number from the local Police.

Our school staff reserve the right to routinely spot check and examine any device issued to a pupil in the course of investigating any claim that a pupil had breached the above terms and conditions.

At our school, all authorised users of technology have to sign a User Agreement. This provides guidance on online safety and expected behaviours when using learning technologies.

Further conditions:

- All items of equipment issued including hardware and software remain the property of our school, and these may be reclaimed at any time.
- Use is conditional based on the Home/School Agreement and all relevant documentation having been reviewed and agreed to.
- Use is conditional upon the authorised user complying with the school Online Safety Policy and the Acceptable and Responsible Use of Technology Policies.
- The school will not be liable for the loss of data and/or personal information contained on the device issued.
- All software will be installed and licensed by the school.
- Any unlicensed software will be removed.
- Our school Staff, and IT staff, can monitor the use of the device at any time. Staff iPads will be deployed with an app called Apple Classroom. This allows teachers to monitor groups of students in their class, enabling them to see what is on the screen of every student iPad in the group in real time. Apple Classroom allows staff to control students' iPads including locking the screen, only allowing certain apps or forcing all the iPads to a particular app or webpage.
- The school/MAT IT Staff will monitor the use of the iPads in order to protect users from access to harmful and inappropriate material, monitor for inappropriate use and to be able to effectively manage and support the use of the devices.
- Antivirus software will be automatically updated.
- The school will provide maintenance and fault repairs once reported. The user (Staff Member / Parent / Carer / Student) must not attempt any physical repair or maintenance of the device themselves including arranging for repair by a third party. Any repairs undertaken other than those instructed directly by the school will automatically result in the Staff Member / Parent / Carer being liable for the full replacement cost of the device.
- Connection to the internet is filtered and monitored by the school. However, as with all filtering, this may not stop all forms of access to inappropriate content and therefore parents/carers should take the necessary steps to monitor safe access to the internet when the device is used away from the school.

- The school does not take any responsibility for the viewing or interaction of inappropriate sites or material from the device when away from the school, although filtering and monitoring will still be active and can be reviewed by the school.
- The school is not liable for any damages or costs arising from use of the internet.
- The device should be re-charged at home overnight and the battery at 100% charge prior to each school day. The school does not accept responsibility for any electricity costs associated with charging the device.
- Should the device be reported as lost or stolen, the device will not be able to be used by anybody as the school monitoring and safeguarding process will disable the device.
- The school will investigate any reported theft of a device and requires a Police Crime Number. Where circumstances permit a replacement device, this would be issued.
- Surrender of a school device to the Police to aid in the detection or prevention of a crime will be undertaken by the school on presentation of the correct disclosure paperwork form the Police.
- The device will be used at both the school and at home. Failure to follow reasonable instruction may result in changes made to the agreement, and additional restrictions placed on use of the device.
- Use of the device also falls under the Behaviour Policy and Safeguarding Policy.
