

## **Creative writing task**

Below is a range of images. We would like you to choose ONE image and create a story around that picture. Firstly, you will need to plan your story.

### **Planning**

- How does the story begin?
- Where and when does it happen?
- Who are they? What are they like?
- What was the problem?
- How was the problem resolved?
- How does the story end?

### **Writing**

- Think about all the grammar aspects we have used in Year 6.

### **Editing**

- With a different colour, edit and up level your work.
