This Week's KS2 Assembly

Genes for Jeans Day!

Jeans for Genes Day 2020 is the 25th year that Jeans for Genes Day has been raising funds to help children affected by some of the most serious and life-threatening genetic disorders.

Jeans for Genes Day has raised an incredible amount, over £45million in its first 25 years. This fantastic sum has made a real difference to affected children all over the UK. Please can you look at some clips on the the website:
