## Analysis of Pupils achieving the GLD

## Comparison with data from the last three years

Children are defined as having reached a good level of development (GLD) at the end of the EYFS if they have achieved at least the expected level in:

- The early learning goals in the prime areas of learning (personal, social and emotional development; physical development; and communication and language)
- The early learning goals in the specific areas of mathematics and literacy.

|  | Good Level of Development |  |  |
| :---: | :---: | :---: | :---: |
|  | $2017-2018$ | $2016-2017$ | $2015-2016$ |
| Brookside | $58.6 \%$ | $63.2 \%$ | $63.8 \%$ |
| National | $71.5 \%$ | $70.7 \%$ | $69.3 \%$ |

## Progress Analysis

Points progress from on-entry to the end of the year.
To analyse our progress, we now look at steps progress through the developmental age bands from on entry to the end of the year. We are looking for between 4 to 6 steps progress and this has been decided upon by the Reception leaders in the Oadby Learning Partnership schools. So for a children who enters school below $40-60+\mathrm{E}$ in any area, we are looking for them to make 6 steps progress, but if they come in at $40-60+E$ and leave at $40-60+S$ that would be 4 steps progress and is considered to be expected progress.
