

Lesson 5

Sort the Street
Nrich challenge

Sort the Street

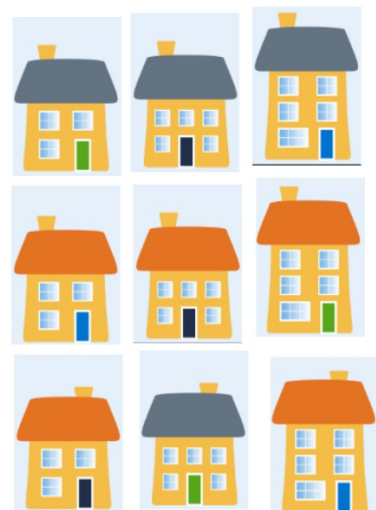

Here's a picture of the houses on my street.

Sort the Street

How many ways can we sort these houses into groups?

Let's have a look together.

Sort the Street

Can you find different ways to group these house?

Cut the houses out and arrange them in your groups.

Can you group the houses in different way?

How many different groups could you make?

Either use one set of houses and record the groups made on a white board
OR
cut out a new set each time and stick the groups on a piece of paper.

Sort the Street

What groups did you make?

Let's share our ideas

Sort the Street

You may have grouped by:

size

window

door

colour

chimney

shape

Did you think of any other ways?
