

Bonjour Year 5,

I hope you are all okay and that you have been enjoying the French activities that have been sent so far. I am now getting in touch with your next task!

Attached is a French Powerpoint containing a poem about a particular weather, which I would like you to read through and have a go at **translating** (you can use Google translate or a French dictionary).

As an extra **challenge**, you can then have a go at: adding a few more lines of your own in French (in the style of the poem), or you can have a look at some other French weather poems online!

Good luck and take care.

Au revoir (for now),

Madame Patel
